The World Senior Championships is coming to Spain

Once upon a time the Spanish Badminton Federation dreamed that they will host a World Championships and it became true in 2006. Then we thought it could be a good idea to organize the European Senior Championships and it happened in 2008. After these two challenges and with the help that experience brings us we strongly believe that we are prepared to organize the best World Senior Championships. It will not be easy because the standards have been set very high.

But, yes, we are prepared for that and we want you to share this emotion with us. We want this event to be a meeting point of friends from different parts of the world , with different cultures and languages but with one love, ..**BADMINTON**.

Do you feel it?
The World Senior Championships is coming to Spain.
